Our continuous growth creates a demand for heavy maintenance lines. We service the Dash 8 Q400, Dash 8 100/300 aircrafts, along with, the CRJ100/200/700/900 aircrafts, Boeing 737 (all series) and Embraer E170/175 aircraft.

We expect applicants to be ready to work in a fast-paced work environment. Our role requires individuals to have excellent communication skills with a team player attitude!

Job Description:

As an Aircraft Maintenance Engineer- Avionics, under the supervision of the Production Manager, you will carry out maintenance tasks and provide mentorship to apprentices.

Aircraft maintenance is a challenging and exciting career – fast, intense and dead-line driven and very high tech.

Responsibilities and Competencies:

- Carry out various maintenance tasks in accordance with the manufacturer's manuals and data.
- Troubleshooting.
- Request parts and materials using the manufacturer's manuals and data.
- Complete maintenance releases for work performed and ensure clear and accurate documentation.
- Mentor apprentices and trainees in best practices.
- Adhere to all company policies and procedures.
- Participate in company SMS and report all hazards or incidents in accordance with company reporting procedures.
- Ensure a clean work area exercise FOD vigilance.

Skills & Qualifications:

- Transport Canada AME License in the E Category, with previous experience on Dash-8 Q400, Classic Dash 8, or CRJ100/200/700/900 aircraft (preferred).
- Graduate from accredited college with a diploma in aircraft maintenance
- Preference will be given to individuals holding an endorsement course for the aircraft listed.
- Good understanding of the English language with the ability to read, understand and follow instructions contained within Aircraft Manuals and Publications as it relates to Aircraft Maintenance.
- Must possess excellent interpersonal and organizational skills.
- Demonstrate a commitment to continuous improvement.
- Must have excellent mechanical aptitude and mechanical experience.
- Must be able to obtain an Airport Restricted Area Pass.
- Must be able to legally work in Canada.

Typical benefits include:

- Competitive Salary
- Life Insurance
- Extended Health & Dental Care
- Health & Wellness Benefits
- Paid vacation in accordance with federal government requirements.

Working hours:

Working hours are mainly 7:00am to 4:30pm Monday to Friday, and overtime scheduled when required. Extra hours may be required to complete project deadlines and support operating at critical times.

How to Apply:
